A new regular feature for EGM readers! Look to Super Play for the hottest in strategy guides and maps! This issue tackles the Ultima-Avatar quest, including locations of all the items you'll need to find!

THE BIGGEST HIT IN FOOTBALL.

So you want a Genesis* game with real impact?

Play John Madden Football."
A game as big and tough as
the man himself. Seventeen teams.

Each one blitzing and scrambling its way to Super Sunday. Each one packed with pro caliber players who you

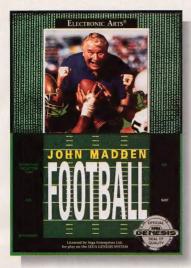

jump, block, and break tackles.

Just like the big boys.

Besides real moves, you get real weather. Rain. Mud. Ice. Snow. Wind. Adjust to the conditions. Or take a beating.

Play on the all-Madden team with guys who eat their lunch out of their helmet and don't know the meaning of pain. It's real mud and guts football.

> It's fourth down and you could boom one deep. Or take your chances, fake the punt, and go for it. What a total kick.

You can call more than 100 real plays, too, for complete, easy on-screen play

calling. Pages ripped right out of Madden's play-book. Even audibles.

So everything's true to the game itself. Bone-jarring sounds of the trenches. Animation that will flatten you.

Intense pressure. And half-time

highlights and stats.

Make the right call from over 100 different plays. Keep the weather in mind and you'll put the game on ice.

Totally All-Pro moves that you control. Including spins, dives, jumps, and an end zone touchdown dance.

Now it can be Super Sunday any day of the week.

All the players have real attributes. You get guys with better hands. Guys who are faster. Even special short yardage units.

As the big man himself says, "Some guys aren't mudders. Some guys

can't hold a block on grass.

That's real football. That's in the game." Think you can find a harder hitting football game? Get real

Visit your retailer or order by phone. 800-245-4525 between 8 a.m.-5 p.m. Pacific Time. John Madden Football is a trademark of Electronic Arts. Genesis is a registered trademark of Sega Enterprises Ltd.

THE NAME OF THE GAME...

This month's cover story focuses on an exciting event within the world of electronic gaming - the arrival of the Simpsons' family into the arcades as a pinball game from Data East! This fantastic new flipper game was recently unveiled to the industry during the AMOA exhibition in New Orleans and we were there to get all the news about this great new game from its developers and from Matt Groening, the genius behind The Simpsons appeal!

The Simpsons is not, of course, the first game to enjoy its roots in some other form. While most consumer game companies have long used ties to the arcade industry to capitalize on proven play themes that gamers have already been exposed to, many have begun reaching out to other areas such as movies for the same type of instant recognition that can often help a title stand out from a crowd.

While the process of licensing titles or environments has worked successfully in many instances (witness Batman, Robocop and the Teenage Mutant Ninja Turtles), we have to hope that game companies don't compromise their creativity for the sake of a license. Because in the end, no matter how hot the name on the box, it's the game *in* the box that determines the ultimate appeal and final sales of a soft.

I'm not saying the licenses aren't a good combination for video games. On the contrary, I value the ability that a game has to take me into new directions with characters or situations that I have been attracted to before. There simply needs to be a conscious effort put forth by game developers when a property is secured, to make a game that takes those characters and puts them into a situation that is fun and challenging. For the few that can successfully accomplish this task the rewards will be abundant. But for those companies that rely on the license to sell their game, the future will be bleak indeed.

Nintendo is rumored to be worried of the same thing and has indicated to several licensees that a reliance on movie titles and comic book heroes is not the way to go. I tend to agree. While a hot license can get a cart noticed, the games that consistently reside at the top of the charts are original softs and sequels to these originals. Super Mario Bros., Contra, Mega Man, Castlevania and others are perfect examples of this. A good title is nice for notice, but a good game sells.

When it comes down to the bottom line, the companies that stay close to the industry and put the effort into R&D will ultimately reap the biggest rewards. Every game company will try to wow in some way or another, with big sports stars and film super heroes, but it's the labels with the best games that will win in the end.

STEVE HARRIS Editor

VIC TOKAI Revue!

Golgo 13TM

Air wolves and iron tanks? Hey, this dude eats heavy metal for breakfast. The man likes to pack a custom M-16, but his karate kicks to the chops are just as deadly. He's anybody's agent if the price is right; and he's everybody's worst nightmare. Golgo 13™ is the secret code for action. Air combat anyone? Golgo 13™ takes you right up the tailpipes of bellowing bombers, right through the little choppers, and right around screaming interceptors. Whether it's crunching karate combat, tense underwater tank warfare, or the sizzling laser fights in the best mazes in video, Golgo 13™ means action. In fact, there's so much action that you'll probably wear down the B-button.

Kid KoolTM

In a realm that might have been, in a time that could have been long ago, or just tomorrow, a good king lies dying. The enemies of the north are massing for an attack on his kingdom.

The good king's sorceror has been searching for magic and out of desperation pulls a rockin' rebel from the eighties back in time. **Kid Kool**TM is sent on a quest to help retrieve the seven wonder herbs, the only hope to save the king.

ConflictTM

At the break of dawn, the eerie sounds of heavily-laden tanks pierce the morning calm. The metallic reflection in the distance only proves that the sun is bright, but who is it?

Are these tanks the armored support you called for, or has the red machine broken through? There is little time to react. Should you wait till your men are in range, or should you attack them now?

As Commander-in Chief, you've got no time to waste.

The Mafat Conspiracy™

A "StarWars" satellite has been snatched out of earth orbit, the inventor of satellite capture technology has disappeared, the C.I.A. and the K.G.B. are blaming each other, and the world edges toward nuclear oblivion.

Golgo 13 is back just in time. The Mafat Conspiracy™ is a phantasmagora of action and interaction. Your eyeballs will stretch from their sockets as you speed through Europe in Golgo's Ferrari. Your bones will rattle as you leap across the cars on the Orient Express. And if you think you've seen bad dudes, wait till you feel the power of Duke Togo's wicked karate kick.

The Mafat Conspiracy™ is for those who demand the very best in video games. See it at World of Nintendo, and we'll prove it to you!

All-Pro BasketballTM

Bored with simple-minded one-on-one basketball? Disappointed that only three men on your team can dribble down court? In a foul mood because the guy who made the basketball game you bought seems to be using hockey rules?

If you're a die-hard gym rat who can play the game, and expect your competition to be the same way, then it's time to play ball because All-Pro Basketball™ has arrived.

All-Pro is true all-court Five-On-Five basketball complete with long-range jumpers, in-your-face stuffs, passes, steals, rebounds, fouls, and even a half-time show.

If you're new to basketball, buy the other games. But if you're a real basketball junkie, leave that weak stuff on your home court, and let's get down to the pro game.

Terra Cresta™

Bored with action on earth? Sick of hohumming it around the neighborhood? Need some excitement in your life?

Take off into space with Terra Cresta™. You'll be hurled in to space and thrown into a fight with the evil forces of darkness. Only you can break through the enemy's treachery and beat Mandora, the Supreme Commander of the evil that awaits.

Clash at Demonhead™

Professor Plum and his designs for the dreaded, death-dealing doomsday device, Dead End, are in the clutches of the diabolical Lawbreakers-a sinister society dedicated to the destruction of mankind. It's only a matter of time before the Dead End Device is assembled and the final countdown to global Armageddon begins.

As Sgt. Billy "Big Bang" Blitz-the youngest and gutsiest commando of the Special Assault Brigade for Real Emergencies (S.A.B.R.E)-your mission is to foil the Lawbreakers' insidious plot. To accomplish your mission, you must find the shortest route to the summit of Demonhead Mountain, where the poor professor is being held prisoner. Rescue the professor, and you save the world from total destruction. But if you should fail. . .

GAME BOY GAME BOY GAME BOY GAME BOY GAME BOY

GAME BOY

Daedalian OpusTM

The ancient land of Daedalus is governed by symmetry and time. It is a land, where your progress will be severely tested by the challenge of myriad shapes and blocks. It will take the art of Daedalus and the power of your mind to solve the confounding riddles of the blocks. To be beaten is ordinary, to achieve victory is an art.

MORE MASTER SYSTEM COVERAGE!...

I personally am a dedicated Master System owner and I would appreciate more coverage of new games for that system. Your Genesis coverage is interesting, informative and in-depth but I seldom see new games for Sega's original system. With Christmas approaching I would believe that more games would be coming out. What can you show us?

M. Franageh Hilbert, WI

(ed. New games are starting to hit the stores as you read this. Regarding Master System coverage, over the past four issues we have shown pictures of 12 new carts. Not only is this more than any other magazine has run, but it is everything that Sega is willing to talk about! Check out pages 36, 62 and 63 of this issue for even more great SMS games!)

Mikey Mouse for the SMS!

GAME OF WHAT YEAR?

While you put the best magazine on the market I do have a question about how you go about selecting the game of the year. How can Sega's Strider be Video Game of the Year when it didn't even come out yet? Not Fair! Matter of fact, the Nintendo and Turbo Game of the Year aren't out yet either! Why?

Robert D'Amico

(ed. To be accepted as a nominee for our awards all games had to be seen by the EGM staff by September 1 and the company had to state that the game

would be released this year. This policy serves a double purpose. First, many times companies plan their release schedule to center around the holiday shopping season. Most of their best games are brought out during this time. We include all of these games as they fit into the theme of that issue of the magazine - a buyers guide. Knowing that Strider, Castlevania 3 and Ninia Spirit are games of the year should help you choose which games to buy for the holidays. Second and most importantly. it is the policy of EGM to look into the future of video games. We try to tell you things which you don't already know. We do not dwell on the past as others

SFX... WHEN?

In your 1991 Buyer's Guide you had a huge preview of the Super Famicom and in it you said that the SFX will be coming out in the U.S. as soon as Fall 1991. Then I called Nintendo's consumer office and they said that they have no plans for the SFX in the U.S. and they asked me where I got the idea that it was ever coming out in the U.S. I said EGM. They told me that "EGM writes that just to keep people buying it". I doubt that's true but I want to know the truth.

Matt Zalen Delmac, NY

(ed. Trust us! We haven't steered you wrong yet. We predicted the intro date for the GameBoy, Genesis, Turbo and others correctly and our sources tell us that early summer, perhaps June, of 1991 is a realistic intro date. For the latest news check out the Gaming Gossip column on page26! Besides, if you were a company going into the billion dollar holiday shopping season wouldn't you still try to sell a few more NES' by denying that a new system was right around the corner?)

GENESIS BATMAN?...

I recently picked up your Issue # 14 at a local supermarket. I read with great interest your response about Japanese games and then saw Batman for the Mega Drive in your International Outlook section. I have to have it! Will it ever come out over here for the Genesis?

Stan W. Zaske Galensburg, IL

(ed. Sorry Stan. Unfortunately Nintendo has a stranglehold on it's third party companies. As part of their contract with Nintendo these companies have to agree not to bring out the same game in the U.S. on a competing game system for a minimum of two years! Since Batman came out early this year don't look for a Turbo or Genesis version for some time. This agreement doesn't exist for the same companies in Japan and that is why you see a Mega Drive and a PC Engine version, Perhaps Sunsoft could Bring out a Batman 2 for the NES.)

Mega Drive Batman!

STRIDER 6 OR 8 MEG??

I love your magazine. On a scale from 1-10 it is an 11. Please answer a burning question. On the cover of EGM 13 you say that Strider is 8 meg while in the review you say it was 6 meg. Which is it?

Ryan Lutz Bradenton, FL

I've seen different numbers regarding the number of meg in Genesis Strider. Can you tell me if it will be 6 or 8 meg?

> Eric Gerwinski Sylvania, OH

After reading your 1991 Buyer's Guide I wanted Strider bad! So much in fact that I almost bought the Mega Drive version. Almost. First I called Sega to find out when Genesis Strider would be released. I was then informed that Mega Drive Strider contained only 6 meg of information compared to 8 meg in the Genesis version.

Is this true? If so then why hasn't EGM mentioned it anywhere? I count on you for all the latest and most accurate video game info.

Gary ONeal Murfreesboro, TN

(ed. Both the U.S. and the Japanese versions of Strider are 8 meg carts. Back in June at the CES and Tokyo Toy Fair when Sega first showed a partial prototype of this soft, Strider was planned to be a 6 meg game. Since then an additional 2 meg of memory was added in order that the cart would have all the levels found on the arcade version.

8 meg Strider!
ARCADE NEWS!...

It's been quite a while since you talked about any new arcade games. There are still a lot of us dedicated quarter tossers. Is there anything new which will blow our socks off?

John Swenson Athens, GA

(ed. At the last JAMA show in Tokyo Sega unveiled quite a few new products. One item which should make it to the U.S. is their game called R-360. In this game you are strapped into a seat and you play an Afterburner/G-Loc type fighter simulation. What makes it real is as the plane banks the seat also banks.

If you take the on screen plane into a barrel roll your seat will also roll. If you do a 360 degree flip, you guessed it, your seat duplicates the on screen movement! That is why they call it R-360!

Sega's hot new arcade game R-360!

Besides this, Sega also unveiled the world's first 32 bit arcade machine. It is a fantastic auto driving game. One advantages of this 32 bit processor over the current 16 bit technology is that it offers sharper screen images and improves resolution by a factor of 5!

If these two new machines don't 'blow your socks off' then let's look at what Sega's R & D staff is currently working on. One of their Top Secret arcade projects, code name Cyberdome, is the ultimate in cooperative game play! Looking more like something you would see at Disneyworld, Cyberdome is a series of individually controlled laser canons connected to a master super high resolution holographic-type arcade game projected onto a room size screen!

Sega's futuristic arcade shooter - Cyberdome!

BITS VS. BYTES?...

I must compliment you on an outstanding mag. You always have the first information and photos about what is new and you always explain the technical terminology used to describe products. Recently I saw in a competing magazine a new term which confused me. In their editorial they talk about 1 and 3 megabyte Nintendo games. You always refer to them as megabit. What is the difference? Who is right?

James Buchannan Cedar Rapids, IA

That's an easy one Jim. One byte is equal to 8 bits. A one megabyte NES game would be 8 megabits - equal in size to the largest Genesis cart out there, A 3 megabyte Nintendo cart (completely unheard of) would be a whopping 24 megabits - putting it way out of the NES range and closer to the Neo Geo category! You can see how a seemingly minor change in terminology makes a very major difference in numbers! Real pros who know video games are very careful not to mix their bits and bytes and unless vou're talking about the huge amount of memory in a CD (about 550 megabytes or 4.4 gigabits) you will not see the term byte used in our magazine!

Nintendo - Arcadia Silver Surfer

Type:Action Release:Dec. Levels: 12 Difficulty: Ava.

Based on characters from the Silver Surfer comic book by Marvel, Arcadia has created a new adventure for Norrin Radd. To save his home planet Zenn-La, the Surfer must scout out the galaxy for an alternate location for Galactus - an invading force. Destroy the enemy on the alternate worlds, grab weapon power-ups, smart bombs, bonus bombs and extra lives in the process.

Take a comic book hero and put him into a Gradius to ne cheater situation and the end wealt would be something like Silver Surfer Sporting the coolest tunes to be from a NES game in some e, not to mention plenty to shoot at, Silver Surfer fares better than most in the genre.

I'm not one for comic books so I can't get excited about comebody on a surfboard flying around but that aside, the game plays decent with a lot of different some. Nothing really new and innover here, just a good solid shooter with very good graphics and challenging action.

This slightly above average shooter features solid and and tough aphics are shooting action nothing special, but the soundtrack is absolutely wesomer not enough flash in the nventional shooter and the rao tunes wear thin rather quickly.

Unusual, but interesting comic book hero shooting game Pool precision is required in this challenging action effort. Cinema storyline is cool and me music really rocks hard. Sind overhead view alternate as the story unfolds. Comic books of the future are here now!

Nintendo - Data East **Caveman Games**

Type:Action Release: Dec. Levels: NA Difficulty: Avg.

While the olympics go way back to ancient Greece, picture what they would be if they were played in the days of the caveman. The events would be Fire Starting, Sabertooth Tiger Racing, Tyranopult or even Mate Tossing! Select your player from 6 male or female athletes and go for the gold. Remember things are all tongue-in-cheek here so pick out a fast dinosaur and race to the finish line

While I like where the designers were trying to take this same, as sort of a comical, prehistoric two on the classic Track and Field, it never really gets up to speed. The execution is choppy and the other positive features, like some interesting animation and sounds.

OK, it's strange, silly and humorous. But it's meant to be succeeds. I like it, it's run, and something different. Is not a simulation of anything, and either you'll love it or hate it. It's a good break in between all the shooters out there.

What a disappointment! This was one game I was actually looking forward to and must say I've been let down. The graphics are choppy and the control is horriste. The only event I liked was the Dino-pult. All events suffer from poor execution.

Colorful concept of the ancient olympic sporte libra Dino-vaulting! Great execution of caleman era imagery done with a sense of humor! Totally invoving and uniquely interesting, there is sometting here for everyone. Maybe you will be "discovered" in the Hall of Fame!

The thrill of playing the Super Famicom has not yet worn off the boss. Having new carts like Gradius 3 and Final Fight means we won't get to play it for vet another month!

> Ed has settled down from all his globetrotting activities and is now content just to play Sonic the Hedgehog! He's also excited about the new cart -Shining in the Dark!

> Martin gave up waiting for a turn at the Super Famicom and went out and bought one. Now he won't let us play his either! Pilot Wings is keeping his head in the clouds!

> more secretive about his activities and location. We must have hurt his feelings with last month's letters reply and for that we're sorry. Sushi, call home!

Sushi-X is now even

D

MORE ACTION THAN A CARTRIDGE CAN HOLD!

The world's been destroyed by Dr. Faryan, a possessed and twisted madman.
But one buff warrior's been granted magical powers of the wolf.
And when he finds Faryan, the fur and fangs will fly.

Werewolf, The Last Warrior.

Slammin' action for your Nintendo Entertainment System.

Data East USA, Inc., 1850 Little Orchard St., San Jose, CA 95125 (408) 286-7074

© Data East USA, Inc. Werewolf, The Last Warrior is a registered trademark of Data East USA, Inc. Nintendo® and Nintendo Entertainment System® are registered trademarks of Nintendo of America, Inc.

Nintendo - Data East Werewolf Type: Action Helease: Dec. Levels: 6 Difficulty: Avg.

Take on a fiendish batch of mutant ghouls and zombies in this new adventure game. Start off as a human but your powers are limited. Grab the special red W and turn yourself into a superhuman werewolf! As such you can cut the enemy down to size with your claws and can climb a lot easier. Search for all of the different kinds of hidden bonus items and enjoy the intermissions between levels.

Here's another attempt at an actionadventure game, that goes into some new territory, but doesn't quite match similar efforts. Were wolf is your basic side-scroller until you wolf out. The game then introduces new features that can be used. Better than most, but not the best.

Werewolf is a very good adventure game. The intermissions are always as welcome addition to any game and they are well done here. Decent game play and a well tapered difficulty curve along with plenty of hidden items here keep interest up.

Another good action game that features nice graphics and a new theme. Werevolf, while better than the average cart, just didn't keep my interest for long. Cool cinema displays and solid play are the highlights of this elightly above average game.

Very timely and exciting theme action game. Aliens, crime fighters, Robocops...now verewolves! The main character has many, many different move techniques throughout average game play. Buttons 'A' and 'B' should have been switched! Music orchestrates the "transformation"!

Nintendo - Galoob Dizzy Type: Adv. Holeasc: Dec Levela: NA Difficulty: Avg.

It's a tough job being a good egg because the yolk's always on you. Find your way through the maze of levels to get to the Cloud Castle where your girlfriend is being held captive. Solve problems along the way, grab magical items and pick up useful objects needed to complete the quest. Door keys, rope, shovels will all be helpful at some point in time but you can only carry three. Which will they be?

Dizzy starts out fine, exhibiting graphics and sound that make it appear to be one of the best of the new renegade cares. This wears off quickly, though with a fack of interaction and no many distractions (like puzzle games) that skew down what could have been some cool play.

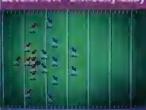

Dizzy will be another 'sleeper' this Christmas. It takes planning and thinking to make progress in this game as the quest is very long and like SMB there are lots of tricks and hidden items to discover. Unfortunately Dizzy is an egg rather than a Mario and not easy to relate to.

Another try at a cute game with a distinguishable character and an action/quest theme that falls short in many areas, Dizzy's ability to carry only three items takes away from the excitement of the game. At best, it's just an actual game and not easy to get into.

What starts out to be an actioncomical adventure game just never seems to leave nome! A family of eggs with colorful characterization live somewhere between where they are and where you want them to be! Game play is hard boiled, but the music is sunny side up!

Master System - Sega Joe Montana Football

Type: Sport Release: Dec. Levels: N/A Difficulty:Easy

Master System armchair quarterbacks have a new football game to play when there's nothing on TV. Take tips from Montana himself as you go head-to-head with a friend or the machine in an update to the old Walter Payton soft. With 11 different offensive plays to choose from and 6 different defensive formations available, there should be enough variety to keep the opposing team wondering what is coming next.

This game tries to be something more than it is, but with a lack of good graphics, sured or game play, it falls way short. Like most sports entries, this one works better as a two-player in the head because the computer simply striks. My first play I beat it 93 to 21. No fun, no way.

Walter Payton football wasn't a bad playing simulation for the SMS. Normally you make another ports game better than it's predecessor but Joe Montana football just doesn't seem to offer any significant in provement to warrant buying another version.

Sure its 8-bit but thats no excuse for this game. The graphics are very disappointing and the game play is way too slow. There is very little in terms of excitement or challenge here. The amputer do sn't seem to think and 2 player games aren't enough to keep me involved.

This game never gets up and running, much less scores any points. The graphics and execution bomb, with a computer opponent that must be represented by a high school team. Too many short-comings leave this one in the turf-despite Joe Montana's name!

RACK N' ROLL

Nintende, Gome Boy and the Official Seels are registered trademarks of Nintendo of America Inc © 1989 Nintendo of America Inc. Side Packet © and ¹⁵⁴ 1990 Data Seet USA, Inc.

Finally, cool pool action for your Game Boy.

In either 9-Ball or Pocketcompetition, you'll need to stroke a mean cue just to keep from getting laughed out of the pool hall. There are lots of balls to sink and trick shots to make before you can make it to World Class status in one-player mode. Or grab a buddy and hook up your Game Link™

for some intense head-to-head action. Side Pocket. From Data East.

1850 Little Orchard Street San Jose, CA 95125 (408) 286-7974

Genesis - Sega Mickey Mouse

Type: Action Release: Dec. Levels: 6 Difficulty:Avg.

Mickey is making his Genesis debut in a spectacular new adventure. Featuring up to 4 layers of background scrolling, smooth animation detailed graphics and other new features like screens (and controls) that 'flip', Mickey is a game which looks like one of his cartoons. Rescue Minnie from the witch but take on wooden soldiers, jack-in-the boxes and other toys on the way to the castle.

This game is spectacular in terms of its graphics, animation and execution. There are so many frames to Mickey's movements that it actually looks like a carbon. The visual appeal of the game is high, with great use of color. The carbon the easy side, but incredible nonetheless.

Mickey is a game which Disney himself would be proud of. The animation is perfect and the background layering is about the best ever in a home game. The attention to the little details is apparent and second to none. A great to make also!

The main mouse is back again, and like never before. The graphics are truly amazing and a testament to what the Genesis can do when a little time and ettort goes into a game. Game play is supery and music straight out a carbon. Audio and visual perfection.

Absolutely spectacular! Surrealistic graphic presentation and superb animation remine of the classic cartoons of Disney! Capcom-ish game play is excellent and Mickey is a wonderful alter-ego! This game is for everyone are russ ever played inside a dream! Music...a 10±!

Genesis - Sega Dynamite Duke

Type: Action Release: Dec. Levels: 7 Difficulty:Avg.

Dynamite Duke is Sega's version of a first person perspective shooter. Like in Operation Wolf, you as Duke must eliminate all of the enemy that appear on screen. Soldiers, tanks, troop carriers and helicopters have to be eliminated quickly otherwise they will fire back. Some items are hiding ammo while others will restore your health. Get to the level boss and punch it out, hopefully better than Buster Douglas did!

While Dynamite Duke should get high marks for faithfully duplicating the arcade title on which it's based, that title wasn't exactly dynamite to begin with. The action, despite the different basedrops, is the same in the last round as it is in the first. Much too easy as well.

Dynamite Duke just doesn't have enough variety to it. While the fighting with the losses is unferent, the rest of the dame is quite repetitive. As such, its hard to say interested for any extended period of time and it's not one of source pest efforts.

Duke is one of those games that has the potential to be a real winner but ends up being just another Operation Wolf clone. The game is extremely repetitive and nothing really spectacular ever ne opens. Nice graphics and many but most will find it way too easy.

This rapid-fire game combines the machine gun target-shooting of Cabal, with head-to-ed fighting action of Pulon-Outl. Only problem here is that neither the of these themes is payed up en ugh to make a lasting impression. Graphics are fine, but play is far from dynamite.

Genesis - Renovation Final Zone

Type: Action Release: Dec. Levels: 11 Difficulty:Avg.

Final Zone takes your standard shooting theme and places it in a world that is constantly seen from a 45-degree angle. Assuming the role of a mechanized infantry robot, you must patrol the ruins of multiple cities, searching for the portal that will lead you to the Boss guardian of the level. Successfully taking out the main enemy automatically thrusts you into a more dangerous, and challenging, world of attackers.

Final Zone has great graphics, but the main characters appear as though their "patied-on rather than interacting within a real universe. There's plenty to shoot at, but with horrible colling and movement that, while visually pleasing, is tough to get used to, Final Zone ends up avg.

Something is missing in this shooter. It's not for lack of enemies nor places to move to. Perhaps in the lack of different things to do. After a while the levels become pridictable and the excitement of what is coming up next?' just have a tuberalizes.

Good graphics and music won't help this horribly choppy and repetitive shooter. The serotting animations, and even the weapons are so choppy that a rew players will be able to enjoy its angue concept. Would of been cool if executed properly

Final Zone just didn't get my juices flowin' or my guns blowin' the way I thought it would be a strange and dingy look to them, and the game play while very intense, gets repetitive after just a short while.

Genesis - Electronic Arts John Madden Football Type: Sports Release: Nov. Levels: NA Difficulty: Avg.

Football comes to the Genesis! EA has a new simulation for gridiron fanatics. Set in a realistic pseudo 3-D perspective from behind the offensive team, it's football that only a 16 bitter can do! Sixteen teams to choose from; scouting reports to brief you on the opposition; variable weather conditions; dozens of offensive and defensive plays to choose from; spin from tacklers; dive for the extra yard and much, much more!

Without question, doubt or reservation, Madden Football is the BEST sports simulation I've over played! Not only do ou get a good game of football one on-one or against the computer, you get greaf graphics, incredible volta. If even highlights from other games! Outstanding!

Football just doesn't get any better! Easily, without a doubt or hesitation, this is the best playing football simulation ever made either on a game system or computer. The game play is perfect, the oil ybook extensive and the difference outstanding!

I'm not into sports games but a football game as good as John Madden hat even attracted me. Incredible scaling of the field gives JM a feel no other football game has captured. Amazingly addictive game play and almost a diess options and special features.

Almost flawless football! Gridiron rock in roll! Players will leave the field and return with the plays! The greatest viceo clash of the titans ever! Graphs: three-timensional perspective, voice and strategy combine for pure physicin passion! A winner!

GameBoy - Taxan Burai Fighter Type: Action Release: Dec Levels: 8 Difficulty:Avg.

Like it's NES' big brother, GameBoy Burai Fighter is a multidirectional scrolling shooter loaded with action and plenty of enemy to destroy. The weapon select capsule returns offering several types of firepower and by destroying certain enemy, new weapon power-ups are revealed. Accumulate several of the same type to increase the performance of that weapon. Large bosses and long levels highlight this shooter.

I liked the NES version of Burai Fighter more than most, and the GameBoy version to ovally as intense. Finally a good subster for the GameBoy! Multiple options and lots to shoot at including mod level definition make

A better than average Game Boy shooter. It's well designed for the small and streem over years as there are no surprises of getting hit by a bullet nat is either too small or to fast to see it is a plenging and not easy by a present. Good weapon enhancements.

Burai didn't really grab my attention on the NES and it doesn't do much for me wher strank and slowed down on GB Good snooter as far as play and options. But not as intense as Nemesis.

Actually, a rather entertaining action game for the GameBoy. Very similar to the NES ersion, this one plays well and keeps he is some a problem with this pursion, and is ameBoy as others tends.

Lynx - Atari Rygar Type: Action Release: Dec. Levels: 23 Difficulty:Avg.

The classic Tecmo arcade game has been shrunk down to the small screen and is now portable! This side view action soft has you as the hero Rygar and your mission takes you through highly detailed multi-dimensional landscapes in your kingdom. Grab weapons and health to help you on your quest as you battle through onslaughts of monstrous beasts which have taken over your land.

32550

A good action game for the Lynx Rygar definitely is. Based on the arcade version or the game, this translation has cut some or pers, but still has a good mix at combat and adventure! The rus or is absolutely the pits, more like calmes, but with the volume down this game plays well!

Considering the small size of the Lynx screen, Rygar looks and plays just like it's anade on grother. The backgrounds are multi-layered and quite detailed. The suest is very long and difficult to get through. A password every blevels would have eliminated all of the repetition.

Rygar is a good conversion for the Lynx. More along the lines of the arcade game it lacks the originality of the NES version, but is well done nonetheless. Get all background graphics and over 20 levels of intense action, my only complaint is the poor use of the 32-bit audio chip.

A real "poser"! This just doesn't play anything like the original coin-op game that I be in the just in the pits! The hidden secrets seem to be lost in the translation! A good excuse for capital punishment! Despite some year looks, the spirit of Rygar just isn't there.

GENESIS DO THE FIRST AND ONLY

I. Hang gliding deep into enemy territory is just the start. Past these gleaming turrets lie frozen wastes, mechanical jungles and gigantic battleships.

 Beware of the burly machine gunners. Unleash your laser sword. Watch for the special item to get a super sword.

 Use your grappling hook to clamber up vertical walls, while fierce guards attack without mercy.

4. On the top of a building, climb rickety scaffolding to build your stamina. Also collect a mechanical attack bird here.

5. Collect two drones and then you get the white mechanical panther to help in your assault, as he leaps at the moon.

ES STRIDER. 8-MEG GAME EVER.

 Mad wolves lunge at you from deep in the arctic wastes. Here you can get a friendly droid to help you battle the enemy.

7. In the midst of angled scaffolding, mechanized defenders rock on ball bearings as they try to blast you into atoms.

 Within the forest you fling yourself onto swinging vines and meet Amazon women.
 Don't fall—deadly piranha fish infest the waters below.

Automatic cannon fire assaults you aboard the fleet cruiser of the evil empire. Soon you'll face its largest cannon—it's awesome.

10. You must face and defeat such mechanical minions of death, before you reach the inner sanctum of Number One.

It's here. Strider—the most powerful home video game ever. The ultimate arcade hit. From hard hitting non-stop action to the awesome graphics and radical gameplay. Strider is definitely here!

An evil Syndicate has violently overthrown Russia and is using their scientific and military might to take control of the world. You land your hang glider in an industrial town and begin your quest to defeat the evil mastermind. You use your incredible acrobatic skills as you leap onto moving platforms, climb to the top of l-beams with your grappling hook and slide with heels dug in down steep slopes while you evade razor sharp spokes.

With your only weapons, a trusty laser sword and swift hover craft, you take on mutant centipedes, ancient dinosaurs.

pirates, mad dogs, monkey-like mechanical robots and finally the evil

ical robots and finally the evil mastermind in his mechanoskeletal headquarters.

It's what happens when 8-meg power combines with the only true I6-bit system. Only on Genesis by Sega.™

...New Sega Computer System...Atari Panther Update...New Sega 16-Bit Games From Licensees...
Nintendo 16-Bit SFX Release Date...New Nintendo Licensee Plans...

...Those lonely fellows over at Sega R&D have been putting in double time recently. Not only have they served up the Genesis and some mighty tasty games, but there's also a hand-held with TV tuner on the way and a CD-ROM attachment for the 16-Bit that will finally allow the Genesis to produce CD-quality games and music. Now, the latest from these technical wizards has really blown the old 'Q' off of his feet! Sega is rumored to be putting the finishing touches on a new computer that will interface with the 16-Bit super system. The benefits offered up by this marriage of game system and computer are reported to include a new line of games that take advantage of the memory features of the computer's access to the 16-Bit's 68000 processor, a new 80286 that will be fully compatible with existing MS-DOS software, including business programs and word processors and a slew of peripherals ranging from printer to floppy disk drive. Called the TERRA system, this new age of computer/game system technology will clock in at around \$600, with a fully functioning keyboard and start-up soft. Not bad Sega, now where are we going to get the at-home simulator chair hook-up for the Genesis?...

...The Atari Panther, which was first announced in the last issue of EGM, is indeed on its way and development systems are soon going to be in the hands of selected houses across the country. The super sleek system is rumored to have some glossy features that include scaling and high-end scrolling. We'll keep our fingers crossed real tight and hope it gets here soon...Speaking of new 16-Bit systems, the Nintendo Super Famicom, which should be on store shelves by the time you read this (Japanese store shelves that is), is rumored to finally have a firm U.S. commitment from Nintendo. June of '91 is rumored to be the new target date for the American version of the new Nintendo, to be called SFX on these shores...

...Will the SFX be able to play catch-up in the 16-Bit battles that have yet to come? It's sure to be heated, but the current favorite is the Sega Genesis, and with a sell-through that should top the one million mark this year, many Japanese game companies are finally starting to give the Sega 16-Bit the attention it deserves. Among the heavy hitters who are reported to now be working on 16-Bit titles for Sega include Tecmo with Ninja GaiDen, Konami with Teenage Mutant Ninja Turtles and Aliens, Capcom coming to bat with UN Squadron and 1941, and Namco shooting in with a wide assortment of carts and CD-ROM titles. Look for a complete list of Sega games (there's over 60 in all) in the new issue of MEGA PLAY - The All Sega Magazine...

...It rarely happens, but I totally agree with one of my esteemed colleagues who views Nintendo's use of pills in their new Dr. Mario game to be a terrible case of bad judgement. You're correctly right, how can they pass out criticism on the violent nature of games when they release a cart that advocates the correct placement of pills? Shame on you Nintendo...Never drive the highway unless you're wearing socks...On the other hand, Nintendo has received plenty of press in the trades and financial papers applauding an event that was first reported by yours truly. It finally does appear that Nintendo will be allowing manufacturers the right to produce their own games with their own chip sets. How kindhearted! Now we'll be able to enjoy great new games at reduced prices, right? Well, after Nintendo takes their cut (rumored to be around 20%) and charges for that good 'ole security lock-out chip, the cost is pretty close to the same as before! Nintendo wouldn't be doing this to divert the heat away from the Senate investigation into their unfair business practices would they? Nooooooooo...

...Before we go any further, I recently received a letter that was addressed to the top dog, but forwarded on to me. A quite expressive fellow going by the name of Lance Rice claimed to know my identity. Well Lance, wrong guess, would you like to go for double jeopardy where the points can really add-up?...Predator 2, featured in the September edition of Screen Play, is awesome from beginning to end. There are some weak points, but the deadly Danny ends up on top! The new hunter has some terribly nasty new weapons of war, and since most of his prey are whacked-out drug dealers, he does pretty good for himself. Just watch out for that ultra-violet filter...Game Over for now folks. but don't fret, the end is no where in sight...

FINAL SPECS RELEASED ON THE SEGA 16-BIT CD-ROM FOR GENESIS!!

The CD-ROM adapter first shown in the Buyer's Guide special issue of EGM now appears to be closer to completion than ever before! This exciting new piece of hardware, which will allow Sega Genesis owners to upgrade their current system with CD-ROM capabilities is now in the final prototype form according to sources close to the project in Japan.

As we had originally been told, the Genesis CD-ROM will come equipped with a much more powerful array of abilities than those of its closest competition, the TurboGrafx-16. This will be done through an advanced chip set, extra RAM, more memory space and a super charged chip set that will allow the Genesis CD-ROM produce much more realistic sounds and music.

On board the Genesis peripheral will be a full 512K-bytes of RAM, equal to over 4,000 meg! An additional 540 meg of memory space will be instantly accessible at any one time, however, making the need for constant updating and reloading of information less frequent. Instead of displaying only a few images or rounds at a time

2774.0 1.1 100 10720 1353.000 1350.000 1350.000 1350.000 1350.000 1350.000 1350.000 1350.000 1350.000 1350.000

Look for a new, more detailed and realistic version of Super Monaco GP!

before the disk needs to be accessed, the Genesis CD-ROM will have enough space to store more game information. Now game interruptions will be few and far between!

Another difference between the Turbo CD and Genesis player are the sizes of the plug in battery softs that enable you to store games and game information. The Turbo CD-

Forgotten Worlds Deluxe will be one of the first new games for the CD player.

ROM card carries a respectable two Meg of storage, but the Genesis CD-ROM cart will contain a full six Meg, enabling the device to record more information simultaneously!

The Genesis CD-ROM also comes equipped with more powerful, arcade-quality music and voice capabilities. By using a special eight channel PCM sound generator, the Genesis will finally be able to broadcast high-quality effects unlike anything that has ever been heard on the system beforel

Along with these findings, we have also discovered that several licensees have begun active development for the Genesis CD-ROM. In addition to Sega, you can also expect to see new games like Assault on CD from Namco and others.

While it probably won't be released until next summer, the Genesis CD-ROM looks hotter than ever!

NEW CONVERTOR ALLOWS YOUR TO PLAY GAMEBOY GAMES ON YOUR NES!

Many people have written and asked if there were any types of devices that would allow the use of GameBoy games on a television. While this capability has existed, and is even used by most of the major gaming mags for photography, it is not readily available to the public. The attachment, known as a WideBoy, plugs into the top of the Japanese version of the Nintendo, which then plugs into a television. Besides being bulky, the WideBoy add-on is also expensive. ranging anywhere from \$300 to \$500.

There may be hope, however for those die-hard gamers who want to feel the thrill of playing hand-held titles on the big screen. A new device developed by that technical wizard Paul Biederman of Biederman Design Labs (the same BDL that engineered the Express hand-held NES) will soon enable you to take GameBoy carts and play them on your 8-Bit Nintendo!

Instead of using a WideBoy-type unit, which is loaded with more circuitry than your Nintendo, the BDL GameBoy to Nintendo convertor takes the Z-80 code from the GameBoy carts and then, using a special cart that serves not only as the delivery system but also the translator of the information, changes it into the native 6502 language the Nintendo can instantly recognize!

Too good to be true? In fact it really does work and BDL plans to have a working model in production sometime in the near future. The device will not be licensed through Nintendo of America, but instead offered from a third-party source close to the industry.

Given Nintendo's recent history of hostile actions towards devices that use their hardware yet are developed independently, some may question whether the BDL GameBoy to Nintendo convertor will ever see the light of day. Whatever Nintendo's ultimate decision, however, there's no denying the fact that the translator is an exciting new peripheral with real applications.

Hopefully Nintendo will realize that this type of device will do nothing to interfere with sales of the hardware, but may instead stimulate software sales which, according to many industry insiders, are remaining flat.

The GameBoy to Nintendo convertor is also bound to elevate many of the problems players would have with the frequent blurring problem common to most fast-moving action-oriented titles. By displaying the picture on a television screen instead of the small GameBoy ,monitor, the resolution of the picture is retained and the animation doesn't suffer from the horrible distortion that scrolling and movement create.

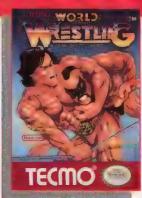

For all of its benefits, the most important feature of the BDL Game-Boy to Nintendo convertor is the promise to finally bring the ability of playing portable games at home.

YOU'VE TRIED THE REST NOW PLAY THE BEST!

NEW SOFT NEWS

Genesis third party companies are starting to plan for the upcoming year. Renovation is taking a look at a tank shooter

called Granada and an older Sega title - Arrowflash. Razor Soft plans to convert another computer game - Stormlord. Sega has confirmed a 1991 release of our friend Sonic the Hedgehog! On the GameBoy front, Arcadia has a new gambling cart called Caesers Palace. Capcom will do Megaman and CSG Imagesoft has Dragon's Lair.

METAL STORM

Best known for their outstanding coin-ops and NES shooters, Irem continues the tradition with a new side scrolling action game featuring some of the most detailed and elaborate backgrounds ever seen in a Nintendo game. As required in a good shooter, Metal Storm offers a wide variety of power-ups and weapon choices including a unique 'flip' feature which allows you onscreen player to walk on the ceilings and do everything upside down! A password option is built in and this eliminates the need to have to repeat the earlier completed rounds. The enemy are numerous and 'dug in', making them difficult to destroy. Their firepower is equally a match for yours and part of the strategy of the game includes keeping and maintaining your weapons maxed out!

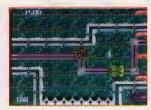

The backgrounds are some of the most detailed ever in a NES game!

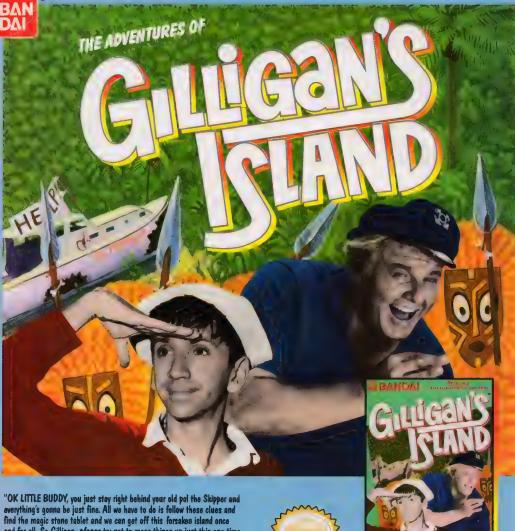

and for all. So Gilligan, please try not to mess things up just this one time. Stay away from the quicksand and don't go wandering off into any dark caves. Can you promise me that, little buddy? Little buddy? Now where has he gone to? Gilligan get out of that tree and stop messing around!! OK, just walk right in my footsteps and don't cause anymore trouble or we could be stuck doing re-runs forever! OK, little buddy? Gilligan? Gilligan!!!"

At last, Bandai debuts the most successfully re-run television show in history for the first time on the Nintendo screen. This latest addition to the Nintendo game library comes with our 90-day limited warranty.

PACMANIA Tengen/Nintendo

Eniov the intermissions between rounds!

Tengen is bringing the popular coinop - Pacmania to the NES! Basically a 1990 version of the old favorite dot gobbler. Pacmania has been updated with a few new twists. The view of the screen is set in a 3/4 overhead perspective giving a pseudo 3-D effect. The playfield is huge and is now several screens wide and high! The goal is still the same - gobble all the dots on the screen but the family of ghosts have grown from 4 to over 8! To

help you along though, you can now jump over the ghosts and the bonus fruit can give you extra speed to outrun the enemy! Get far enough into the game and the ghosts will start to mimic your moves. When you try to

jump over a green ghost, he will jump also! It's a whole new game and a worthy sequel to the old favorite!

Select your starting point at either level 1, 2 or 4,

Get the fruit for points and power pills to let you chase the ahosts!

Pac Man can now jump, but so can some of the ghosts!

THUNDER FORCE 4 Technosoft of Japan/Genesis

Known as Elemental Master in Japan, rumor has it that when this game comes to the States, the title will be Thunder Force 4. This super soft is a vertical scroller set in an

overhead perspective. In the same tradition as TF3 there are tons of great weapons and

power-ups to help you battle the new enemy and reclaim the fallen planets under siege!

GYNOUG Dreamworks/Genesia

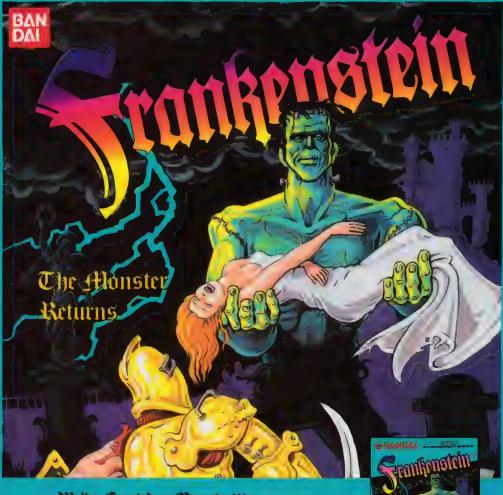

Next spring we can look forward to a new side scrolling soft based on a fantasy theme. This one, loosly translated as Gv-

noug (the name will be changed) features a winged hero on a mission to push back evil spirits who are trying to take over a medieval world. With detailed.

awesome weaponry, and hidden magic spells, Gynoug will combine both action and adventure together in one great cart!

We'be Created a Monster!!!

Frankenstein is alive and he's headed for your living room. Push your Aintendo" system to the limit with awesome graphies and mind-metting action that you won't find in ordinary games. Sading the beautiful Emily from the clutches of the monster will put your gaming skills on the line as you punch, kick, hack, chop, smash, burn, and bomb your way through a goulish army of horrific enemies, each determined to bring you to a sticky end. Battle your way through the creep infested billage, the treacherous forest, the horrible graveyard, and the castle of doom, before even thinking of setting foot or sword in the evil dimension where your strength and spirit will be put to the final test. We created the monster ... It's up to you to destroy him!

Nintendo

SYSTEM:

BUSTER DOUGLAS BOXING

Sega/Master System

The popular Genesis boxing cart of the same name will soon be converted to the 8 bitter. Set in a side view perspective, you get to try out the same moves that Buster used in his last fight. Take on several different computer opponents or plug in a second controller and spar with a friend! Try the uppercuts and left and right hooks then wear your

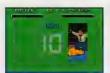

opponent down with punches to the head and stomach. With his power meter depleted go for the knock out! Watch the power meters on the bottom of the screen. If yours gets low back off and block his punches until your strength returns. Then take the offensive with quick stomach punches!

PAT RILEY BASKETBALL Sega/Master System

With a new Master System comes a new series of sports games! Pat Riley gets the headline here in this conversion from the Genesis version. It's a full 5 on 5 in some of the fastest SMS basketball ever! Like the 16 bit version, you can go for the special slam dunk. In this play, the screen zooms closer and you see your player

attempt the crowd pleasing shot! Fast ball handling and quick passes down court set up other shots but if you get too pushy the referee will call a foul! Three point shots and player substitutions are all built in as is the tournament mode where you can go for the championship! Lose and you will end up just like Riley, out looking for a new job!

DICK TRACY Sega/Genesis

Based on the popular summer movie set in the roaring 20's you, as the machine gun toting peace officer, must singlehandedly take on all of the gangs which are trying to control the city. Shoot your way through this side scrolling action as you encounter thugs and gangsters who are after the money from the contract put on your head by the mob!.

BOMBERMAN NEC of Japan/TurboGrafx-16

The Turbo GT (Turbo Express here) is just barely out in the stores and NEC of Japan is already bringing out the first game made specifically for their portable! While officially coming out only in Japan this year, Bomberman could very possibly make it's debut here in the states early next year when the Link Cable is sche-

duled to come out. But the game is not only playable on the portable, it can also be used on the home system by connecting the multi tap and two to five controllers. If the name sounds familiar it should, as it is the Hudson Soft NES title which came out in Jan. 1989. Two years are up and this soft can come out on another system without Nintendo complaining.

TOP SECRET VIDEO GAME TRICKS, CODES AND STRATEGIES

SUPER STAR SOLDIER

(NEC/TurboGrafx 16)

Secret Options Screen - Super Star Soldier is a very long and difficult game. There is a secret options screen which can be accessed by entering a long string of commands. First, turn the system off. Hold Run and Select and turn the machine on. When you see "Normal Game" appear in the title screen. When this appears quickly press: Left, Button 2, Up, Button 2, Right, Button 2, Down, Button 1, Left, Button 1, Up, Button 1, Right, Button 1, Down, Button 1. Then press buttons 1 and 2 simultaneously 8 times. Then push Select and Button 1 together 8 times. All of this has to be done while the music is still playing! If you do it correctly the title screen will scroll down to reveal a new secret menu screen! From this screen you can do 4 different tricks!!

Begin entering the commands when "Normal Game" appears!

The title screen will scroll down to reveal the options screen!

SOUND TEST Listen to any of the 56 sounds in the game!

DIFFICULTY CHOICE Make the game easier or harder to play!

SCREEN SIZE

Play in either a normal

or vertical perspective!

LEVEL SELECT Begin game play at any of the 8 levels!

VEIGUES TACTICAL GLADIATOR

(NEC/TurboGrafx 16)

Hidden Continue Mode - To be able to continue a few times in this game press the Select button and Diagonally Left and Down together when the JVC Music Industries screen appears. The words "Continue Mode" will appear on the title screen. Play the game and when it says "Game Over" you will go back to the intro screen where the right side of it will be blackened out. Press Run to continue the game.

VEIGUES TACTICAL GLADIATOR

(NEC/TurboGrafx 16)

Sound Test - To listen to the tunes which are played throughout the game, enter the following commands before the title screen comes on. As soon as you see the "Presented by Victor Musical Industries Inc." screen, press button 1. Reset the game using the Run and Select buttons. You will see the screen blink. Simultaneously press and hold the Select button and Diagonally Up and to the Left on the control pad until the title screen comes on. If done correctly "Music Mode" will appear in red letters in the center of the title screen. Press button 1 to run through the different tunes.

Perform this trick during the credit screen.

Use button 1 to preview the tunes!

VEIGUES TACTICAL GLADIATOR

(NEC/TurboGrafx 16)

Change Difficulty Setting - If you are having a hard time getting through this game there is a way to play on an "Easy" setting. Like the trick above, enter the following commands before the title screen comes on. As soon as you see the "Presented by Victor Musical Industries Inc." screen, press both buttons 1 and 2 at the same time. Reset the game using the Run and Select buttons. You will see the screen blink. Simultaneously press and hold the Select button and Diagonally Up and to the Right on the control pad until the title screen comes on. If done correctly "Easy Mode" will appear in red letters in the center of the title screen. Press button 1 to run through the different tunes.

"Easy Mode" will appear after doing the trick.

You get more power-up points at the end of round!

TEENAGE MUTANT NINJA TURTLES

(Ultra/GameBoy)

Restore Energy - At any point in the game press: Up, Up, Down, Down, Left, Right, Left, Right, Button B, Button A to fill up your energy supply.

BRAVOMAN

(NEC/TurboGrafx16)

Infinite continues - Kill off your man at exactly 10,000 points. When it asks if you want to continue, don't do anything. The title screen will come up. Then push: Up, Right, Down, Left, Button 2, Select, Button 2, Select. The next time you have to continue you will see that you have infinite continues!

BRAVOMAN

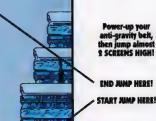

(NEC/TurboGrafx 16)

Continue from where you die-Instead of continuing your game back at the beginning of the round, press Run repeatedly just as you are dying to continue from that point!

Jum

Use super-human jumping skills to climb giant cliffs & tall towers.

With Low G Man you can Run, Jump, Stab, Seize & more!

Can You Handle the Responsibility to Save the Countries of United Earth from War-Crazed Robots?

The lives of trillions depend on you – Low G Man, the most skillful warrior alive. If you think you've got the guts, your stash will include a deadly armor-piercing spear, an electromagnetic disruptor and a superhuman jump (up to 13/4 screens)!

So don't. But just in case you'll have infinite continue & a password. You'll get rapid action, detailed scrolling backgrounds,

Consumer Division

bundles of surprises, multiple levels, infectious music, heavy power-ups, and outrageously massive Bosses.

Are You Worthy of the Prestigious Title "Low G Man"?

Everyone can play Low G Man, but only a few can master the skills to save the CUE.

If you're ready for a game that gives you everything and only asks for your extreme concentration, then watch for Low G Man.

BRAVOMAN

(NEC/TurboGrafx 16)

Secret Boss Fighting Game - There is a hidden game with it's own special ending inside this fine NEC card. At the title screen, alternate pressing the Select button and button 2 over and over again until a new title screen appears! Then press any button to scroll through the message and a listing of the 14 bosses will appear. Select any one you want to start with and press button 1. If you beat him an X will appear over his number. Beat them all and get a different ending to the game!

Press Select and button 2 repeatedly at intro.

Get the new, secret intro screen!

Pick the boss you want to fight with!

Warp to the boss screen and take him on!

BRAVOMAN

(NEC/TurboGrafx 16)

Free 1-Up - There is a hidden 1-Up in the middle of Stage 9. To get it Go through the bottom pipe as shown in the photo below. Don't completely come out of the pipe but 'head butt' the oncoming enemy. You will go to a new screen where an alien will give you a 1-Up! Try it again in Stage 21!

Crawl into the bottom pipe!

Head butt the enemy coming at you!

Warp to the new screen for a 1-Up!

Get another 1-Up on Stage 21!

JOURNEY TO SILIUS

(Sunsoft/Nintendo)

Get 9 continues and Sound Test- To give you a little extra help with this fine game, there is a way to get 9 continues rather than the standard 3 times continue. At the title screen, press the B button 33 times. Then press start. You can also listen to the sounds used in the game.

Kick out the center pipe and crawl down!

SOUND O'S

SOUND O'S

SOUND O'S

SOUND OOS

SKEY

Talk to the girl in the game!

KLAX

(Tengen/TurboGrafx 16)

Sound Test - At the Option screen hold down both the Select button and button 2. Then press the Run button twice. This will get you into a very different kind of Sound test screen that lets you play the tunes with an on-screen keyboards!

Do the trick at the Option screen.

Try out all the different sounds!

Sea of Quality

Play bombardier in the Hover vehicle!

Snag a few Wave weapons to help in your grueling fight!

Climb on ceilings using the Spider vehicle! Spray bullets with the help of the Walker(L).

Do You Have the Savage Instincts Required to Save the Countries of United Earth from War-Crazed Robots?

The lives of trillions depend on you – Low G Man, the most extraordinary warrior alive. If you are to succeed in your mission, you must master the deadly armorpiercing spear, an electro-mag-

netic disruptor pistol and a superhuman jump (up to 13/4 screens)!

Are You Sly Enough to Seize Enemy Vehicles & Weapons?

Capture the Hover, Walker, and amazing Spider vehicles! Freeze the enemy with your EMDP, then jump on and stab the robot driver.

TAXAN
Consumer Division

With these vehicles you'll have loads of weapons and you can pilfer even more: a Bomb, Fireball, Boomerang, and the mighty Wave!

With Low G Man you get blazing action, detailed scrolling backgrounds, infectious music, multiple levels, heavy power-ups, infinite continue & a password.

Can You Handle "Low G Man"?

If you're ready for a game that gives you everything and only asks for your extreme concentration, then watch for Low G Man.

KLAX

(Tengen/TurboGrafx 16)

Unlimited Continues - As you progress into the higher rounds of this great block-dropping cart, the game play gets harder. If you really have an itchin' (and the patience) to make it to round 100 here's a way to keep progressing in the game. After you lose a life and the screen says "Press Flip to Continue", hold down the Select button and press up on the controller several times to increase the number of continues. For each time you press Up your number of continues increases by one. You can have up to a maximum of 9 continues at any one time. You can however, repeat this trick as often as you want in the game!

Get up to 9 continues as often as you want!

PHELIOS

(Namco//Genesis)

9 time continue - Having trouble with Phelios? The 3 times continue just might not be enough to get you through at the advanced difficulty level. To increase this to 9 continues, get into the Chapter 1 intro screen (shown below). While in it press buttons C, A, B, A, C,A,B,A.

KLAX

(Tengen/TurboGrafx 16)

View the Different Screens - OK, so you don't have the patience nor do you want to continue forever but you still are curious as to what happens in the 100 screens. Here is a trick which lets you look at the different backgrounds which come up throughout the game. Go into the Options screen and hold both the Select button and button 2 down. Then press the Run button. You now can preview the 100 screens by pressing down on the control pad!

Change Screen Brightness - While in this special mode, if you press button 1 you can increase the screen brightness. By pressing button 2 you decrease the brightness!

Go to Options Mode.

asks you to continue.

Preview Level 50!

Preview level 99!

Change brightness!

WIN A FREE GAME FROM EGM!!

We want you to play like a winner, and we're ready to pay! Give us your tips and clues, your secret continues, level selects, power-ups, passwords and codes! If we print your tip, we'll give you credit in these pages as well as a free game of our choice (you can pick the system)! Get the best tips anywhere and get a great game as well from the magazine that's first with the best secrets on all the game systems - EGM!

Sendai Publications, Inc is not responsible for the submission of similar or identical tips, and is not obligated to award the game carts to those people who submit information that has already been printed or was previously located by the staff of the magazine or any affiliated publication or media source. In the case of two identical tips being submitted, the first tip received will be chosen as the winner. Final selection of games is up to us. Void where prohibited by law.

You'll slide through secret tunnels to avoid bulldozing robots.

It's hard to top TopMan's dangerous spins.

You and your sidekick Rush will fly over enemy territory to avoid the walking time bombs.

SnakeMan, HardMan, GeminiMan, MagnetMan, NeedleMan, ShadowMan, SparkMan and TopMan. They're the eight new robotmasters in MegaMan 3. Defeat them all and you'll still have Dr. Wily to deal

with. And possibly even a few of your old enemies from 1 and 2. Okay, now the only question that remains is how fast you can get to the store and get 3.

Nintendo

INTERNATIONAL OUTLOOK

NEWS, Previews and Info From Around the Electronic Gaming World

Super Famicom takes Japan by Storm!! Dozens of New SF and Mega Drive Softs Coming Soon!

Capcom/Super Famicom GHOULS AND GHOSTS 3

Capcom has decided to bring out the sequel to their multi-system hit - Ghouls and Ghosts on the Super Famicom first. Containing very detailed multi-layered backgrounds along with a whole new cast of evil demons, G & G 3 continues along the same lines as your previous adventure. Since it is about 80 percent complete it should be out in early 1991!

It's the best Ghouls and Ghosts yet with graphics and sound only the SF can do!

CBS/Sony Group/Super Famicom JELLY BEAN

CBS/Sony is entering the SF market with a game which is designed specifically for the younger audience. It is a nonviolent game with you as a cute, blue jelly bean with big eyes. You travel through the multi-layered outdoor landscapes on a quest looking for your long lost fellow jelly beans. It's dangerous out there as there are hungry animals and birds on the lookout for a free, tasty meal and that is you! Jelly Bean is scheduled for release in April 1991.

Explore the countryside as a blue jelly bean with eyes!

Taito/Mega Drive DARIUS 2

The popular PC Engine super shoo-ter is finally crossing over to another game system. While not containing all 26 levels, Mega Drive users will at least get to play a portion

of this side scrolling underwater action game. All the different types of weapons are here as are the shields, power-ups and huge end of round boss mechanical fish!

Large Boss fish!

Treco/Mega Drive TWIN COBRA

Spectacular graphics and tremendous firepower!

The popular Romstar arcade game is being converted for the Mega Drive. Similar to the NES game but graphically improved to make this version one of the best vertically scrolling shooters. With tremendous firepower and flicker-free action.

Telenet/Mega Drive GAIARES

Another new side view horizontal shooter will be coming from Telenet. Taking place in outer space, above the earth and down into highly fortified corridors, this game features multi-dimensional backgrounds, a wide variety of weapons and options to help you rid the planet of an invading force of star ships.

Multi-dimensional layered backgrounds along with huge full screen end of round boss aliens!

Sega/Mega Drive V-ATTACK

Awesome background graphics, similar to the moving flame waves in Thunder Force 3, make V-Attack a visually stunning game! Add over a half dozen different types of weapons and power enhancements and its another hit for Sega!

Spectacular wave backgrounds!

Sega/Mega Drive CRACKDOWN

Sega of Japan is converting one of their great arcade classics to the Mega Drive. You and a friend must case the city looking for time bombs set by the ter-

rorists! The screen is split so each person can move independently and there is an overview of

the entire building to help you locate the enemy. Armed with a cannon and smart bombs for protection, you'll have to move fast to beat the clock!

The Following Be Too Graph

Why mow the lawn when you can bomb oncoming planes and destroy secret military bases in nine action missions with BLUE LIGHTNING.

After dinner, you can always battle maggots, blood-flies and drools in the dangerous 8 player game – SLIME WORLD.

RYGAR, the 2 player arcade hit that pits you against ferocious beasts, hideous demons or worse, your best friend.

PAPERBOY. Fling papers at non-subscribers, race your bicycle on people's lawns—in other words, the ultimate afterschool job.

RAMPAGE. Become a 60 ft. beast, demolish buildings and eat tanks as an army attempts to destroy you. Up to 4 players can take part in the destruction.

Encounter loathsome beings. Escape from borrible creatures. It's you against the evil empire in the game of GAUNTLET.

Warm up the brain cells. Condition those fingers. Break out the antacid.

The new Lynx cartridges are here.

Twelve of the roughest, toughest, most challenging game cartridges in the Cosmos.

And now you can play them on earth. In fact, anywhere on

earth. Because the Lynx is the world's first portable, color video game system.

With its totally unique 16 bit graphics engine,

Scenes May Ic For Adults.

ROBO SQUASH. The ultimate paddle game. The goal is to squash the enemy and line up four globes in a row to win. But be careful, three splats and you're out.

XENOPHOBE. Trapped in a space station, you must destroy the aliens. Side-scrolling adventure for up to 4 players.

KLAX. Maneuver your platform. Catch the falling bricks. Stack 'em for points. And try to do it all before your dad asks to borrow it.

ROAD BLASTER. Drive and avoid mines, exploding towers and enemy vehicles for points and make it through 50 levels. Great to play in the back of the car.

It's a galactic shoot out between you and aliens in the 4 player game ZARIOR MERCENARY. Your only hope is to kill them all or break for lunch.

Help MS. PACMAN escape the marauding ghosts by guiding ber through multiple mazes gobbling up dots, energizers, fruits and pretzels.

the Lynx lets you play arcade quality games that really look like arcade games. In 4 channel sound. Play by yourself. With one opponent. Two opponents. Three opponents. Or you can even link up with seven other players on certain games.

So if you don't already own a Lynx,

you better hurry. Because they're going fast. And so are all these game cartridges.

Visit the videogame section in your favorite store now.

Before they're wiped out.

The final test of the

You've conquered Super Mario Brothers 3™, beaten Ninja Gaiden II™, trounced Tetris™, now you must face Solstice—The Quest for the Staff of Demnos.™

Are you equal to the task of rescuing the princess from the evil wizard Morbius? In the brilliant 3-D fantasy Solstice, Shadax the sorcerer must find the six pieces of the Staff of Demnos in order to gain the power he needs to save his beloved. And you must guide him in his quest through the ancient fortress of Kastlerock. But be forewarned, do not underestimate the difficulty of the journey at hand. Listen to the words of those that have gone before you.

Only by using your years of spell-casting wisely will you survive the more than Two Hundred Fifty room. Solstice. Nearly every room presents a unique challenge to your intelligence, resourcefulness, and timing."—Gary Meredith, GAME PLAYERS. Solstice, a new action puzzle game.

"Whoa, Mama!" is how this game is best described. This pin is loaded with fun, action, and features galore that only a one-of-a-kind guy like Bart could fathom! Every pop-bumper and drop target reinforces The Simpsons theme, as does the playfield art (a collage of exerpts from favorite episodes of The Simpsons), backglass art, exceptional digitized speech, and features such as the Ultimate Behemoth Ramp. The Nuclear Jackpot, and Multi-Ball play. Place all this on a well designed playfield lavout and vou've guaranteed a rewarding Simpson experience for both novice and expert players alike.

The Simpsons Pinball doesn't, rest on its license... it truly is one of the best designed pins out there. Credit due to the fine design team at Data East, namely lead designer Joe Kaminkow, an industry veteran instrumental in the resurgence of pinball via his work on Space Shuttle for Wi-Iliams, Ed Cebula, an engineering genius responsible for the finely tuned mechanical design of The Simpsons Pinball, and of course, the Simpsons creator - Matt Groening, An

The Simpsons are not only on TV, but they are coming to a video game (Acclaim), a pinball game (Data East), and soon...an arcade game (Konami)!

avid pinball
player
himself,
Matt worked closely
on the design from
day one. As
Matt explains,
"Games

nother way of story telling." Joe Kaminkow also noted that Matt contributed to the decision to include twice as much digitized speech as was originally intended so that the player wouldn't tire of repetitiveness. "We had to double our speech capability to pull it off, but the effort is rewarded in the play experience." claims Kaminkow.

Yet another example of the uncompromised design that resulted in a remarkable pin. Enough Kudos; you just gotta play it!

"Later, Dudes! I'm outta here!"

Look forward to more data east flipper action coming soon: T.M.N.T, Batman, Star Trek 25th Anniversary, and Total Recall.

The fantastic Simpsons pinball is already out! EGM's Steve Ryno gives it a test!

Available: December '90

You know 'em and you love 'em! First there's Homer, the bumbling and balding father figure who's every environmentalist's worst nightmare; Marge, the happy housewife with a 'do that only Frankenstein could appreciate:

Lisa, the super-smart jazz fan with an ear for the blues and baby Maggie who's main form of expression is a gyrating nookie. Rounding out this ideal post-nuclear family is bad-boy Bart, the smart-mouthed star of America's number one television show, The Simpsons.

Together, this ensemble has successfully shot to the top of the charts! Capitalizing on this overnight fame, Acclaim has rounded up the Simpson's family for what is sure to be their most exciting adventure yet,

focusing on the seemingly naughty exploits of spike-haired Bart, out to save the town from an alien foe! This Nintendo-compatible cartridge begins with Bart glancing through the pages of his favorite comic book before spying an advert offering the miracle of X-Ray vision for mere dollars! In possession of his new specs. Bart is soon

Skateboardin' with spray paint!

shocked at what he discovers. The glasses enable him to see two local civic workers for what they really are...space aliens!

Unable to convince his parents or siblings of the impending doom about to befall the residents of Springfield, Bart sets out on a one-man mission to disrupt the alien plans and insure that he'll get to his next birthday!

The aliens, it appears, are removing certain objects in preparation for their takeover. While these items are varied, they all share one common feature: they are blue. Realizing this, Bart sets out about town, spray paint in hand, determined to deface anything and everything with a blue hue. Only by stopping the enemy in this way can Bart save the city!

Unfortunately, Bart's reputation precedes him. Unable to sway others to his story, Bart

must avoid other obstacles from good folks who see the mischievous Simpson son living up to his questionable standards. When Bart is able to make it around the dangers and complete his round by round tasks, he's given the chance to convince one of his family members, in a cleverly animated sequence, of his true intentions. It's not easy, but level by level the Simpson family begins to believe in Bart's tale, but only when all the members agree with Bart does the game take its final set of twists and turns.

The climax of the game leads Bart to the Springfield nuclear power plant, which due to certain circumstances, is about to go super-nova and take the town with it! Only with some quick reflexes and a little bit of ingenuity (not to mention help from a younger member of the Simpson's clan) will Bart be able to save the day!

The Simpsons game for the Nintendo Entertainment System captures all of the fun and excitement of America's most popular television show with an inventive storyline, nice sidescrolling action and plenty for Bart and company to interact with. Whether it's an other-world menace or a local out to give the bad-boy a hard time, Bart has a special job to do and the fate of all of his friends, no matter how nasty they get, is in his hands (gulp!).

Look for more on this exciting new game from Acclaim in an upcoming issue of Electronic Gaming Monthly! Ay Carumba, home boy, I can hardly wait!

The Simpson's family is all at home in this new action/adventure game that pits Bart and company against a very different sort of invader!

in the early prototype, you could even play pranks...

...that only Bart Simpson would get off pulling!

The prototype used popular spots from the TV series!

TURTLE POWER!!

The fab four of the 90's are back in their biggest adventure vet! It's straight from the arcades in the best translation possible on the NES! With a full 4 megabits of power plus a MMC3 chip Konami has taken NES technology into areas where no one has ever gone before! And it shows!

In this sequel both April and Splinter have been kidnapped by Shredder and you and a friend must save them! But Shredder knows you are coming and has his henchmen -Bebop, Rocksteady, Krang and other new missionaries - Tora and Shogun ready to make turtle soup out of you!

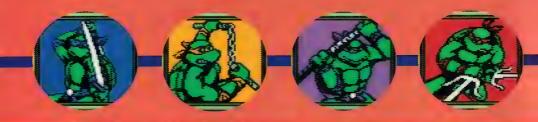

Your adventure takes you all through New York city. You start in a burning building where April is trapped! It's all a set up and after you eliminate Bebop, Shredder appears, grabs April and escapes! You hit the streets searching for her grabbing an occasional piece of pizza for energy! Not finding her there, it's time to go down into the sewers. April, unfortunately isn't there either and you climb back up to find it's winter where a killer snowman is waiting for you. Spring comes and your quest takes you through a parking garage where vou rescue April! Shredder grabs Splinter and takes him to one of his factories. Take on a rockman armed with a flamethrower and try to save Splinter! Now for revenge!! Fight through Shogun's house and into the Technodrome where Shredder has a special surprise waiting for you!

The Pizza Hut signs will falloff the wall revealing more enemy!

Up in the streets the turtles must fight with the ninjas coming at them from both sides of the screen. Grab the slice of pizza for energy!

Take on Rocksteady who is the end of round boss. Don't stay in one spot for long or he'll drill you. Use iump kicks to finish him off.

After a while in the sewers you come street-side again to find it's winter. Take out the snow men and go after Tora who throws huge ice boulders at you.

After a while it warms up and the snow melts. You now can use your iet-powered skateboards to even up the score with Shredder's helicopters.

You're now off to rescue Splinter and then it's on to the Technodrome. But before you get there you must get by one of Shredder's bounty hunters!

The Technodrome is your last stop. It's fully protected with wall mounted lasers, energy towers and lots of robots. Shredder is there waiting for you!

LOKI GOES 8 BIT!!

The lantastic Ghouls'N Ghosts which we all have grown to love on the Genesis has now been translated for the Master System! And it is a very fine one at that! All the levels are there as are the demons of the dead. The weapons are expanded though, requiring you to journey into secret doos which appear from within certain treasure chests. Once inside you can power-up one of three features: better armor, boots or a new weapon. Other times Arthur will enter a different shop that allows you to replenish you health or magic! Loki is back in this version and, similar to its 16-Bit brother, you must play through the game twice to reach his lair! It's a cartridge that Master System players have wanted for, and with all the new features and surprisingly good graphics for an 8-Bit engine. Ghouls and Ghosts is winner from beginning to end.

A well-armed army of both mechanical and man-led terrorists is threatening to strike out against strategic targets the world over! Instead of letting these ruthless cowards fulfill their dreams of world domination, it's time to send in the one-man military machine capable of dropping the bad-guys on their own turf. It's time for the Dynamite Duke!

This multi-level translation of the popular Fab-Tek arcade shooter puts you in the shoes of a fearless fighter out to stop the enemy at whatever cost, in whatever environment they reside. Press on through their defenses with machine gun in hand, infiltrate their strongholds and battle the Bosses one-on-one, using your dynamite punches and close combat skills! This is one fight the Duke will remember forever!

WELCOME TO THE CASTLE OF ILLUSIONS...

Well Mickey, it used to be fun. Just you and Minnie living happily in cartoonland. But now all of that is over as the wicked witch Mizrabel has kidnapped poor Minnie and taken her to the dreaded and mysterious Castle of Illusion. You know that place, it's where all of the toys you played with in your past episodes live. They have come to life and now are out to get even with you! Somehow you must get the seven jewels of the rainbow. They will give you the power to defeat Mizrabel!

Your quest starts out in the black forest with bats and walking mushrooms. Then it's on to the spider webs and back to the dark and spooky forest. The second

round is in toy world where wooden soldiers and jack-in-the-boxes come after you. Bounce across the jello and into the topsy-turvy world where everything flips upside down. Grab the gem and move on to the jungle which is filled with waterfalls, rushing rivers of water and hungry fish. Next it's into the library where bookworms, dancing letters of the alphabet and falling books come after you. Go into candy world filled with ice

cream, cookies and cakes, then back to the library where you swing on the pull chains of the lights, turning them on and off. The castle labyrinth follows and you must avoid suits of armor, a huge rolling ball and lots of bats as you cross the skull bridge. Swim through another labyrinth and Minnie is in sight, but first you have to defeat the evil Mizrabel herself!

LEVEL ONE - Begin in the forest...where can Minnie be?

LEVEL TWO - Now you're in Toyland, where up can be down!

Cart Size: 4 Meg
Number of Levels: 8
Theme: Shooter
Difficulty: Average
Number of Players: 1
Available: December '90

This is not your first battle across the stars! Far from it, you have led a hundred missions into hostile territory defended by the most evil of life forms. Your battle skills have led to a classification of fighting machine reserved for a select few who exhibit the true talents of mass destruction. You are known as a Star Soldier.

In this sequel to the classic Nintendo title, NEC brings us 16-Bit shooting action of a caliber not seen since Blazing Lazers. While there are some similarities between the two games, Super Star Soldier provides you with a new selection of weapons systems, not to mention alien worlds to conquer!

The vertically-scrolling backgrounds serve as the battlefields for hundreds of alien war machines bent on the final annihilation of the human race. Only by determining the correct combinations of power-ups and defensive weaponry like options and missiles can the war be won.

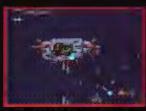

Breaking up the round-to-round action are Boss encounters with devices that make similar ships of destruction pale by comparison. Get set to battle screens full of alien armadas and the mother ships which dispatch them.

Can you break through the enemy defenses and eliminate the opposing forces once and for all? With all the power you need at your lingerlips, the true strength of your Super Star Soldier abilities will be put to their limits in an environment that you may have visited before...but never remembered being this hostile!

BOSS ATTACK!!

Power up to make it easier to take out the first level boss. The fire weapon works well!

The second boss moves in a predictable pattern. Stay off to one side when attacking!

The third level takes you over land, and a large scorpion is it's end boss.

Back into space for the fourth stage. Get the ring laser to wipe out the boss!

The fifth level boss has long mechanical tentacles. Standard fore works well here.

Standard homing missiles take out the pods on the sixth level boss!

The hardest and most powerful boss of the game is in the seventh level.

It's almost over! For the eighth level you must fight all of the bosses one more time!

The red sphere gives you standard fire in multiple directions.

The blue sphere powers your weapon up to an expanding ring laser!

The green sphere upgrades your weapon to a 3 beam electro-laser!

The yellow sphere gives you twin, circular fireball lasers!

The electro laser cleans up in the first level!

The 3-D crystal asteroids break up and get in the way!

Tanks and stealth fighters come out in level 2!

Fly through the gauntlet, shooting the enemy on the sides!

Avoid the flaming fireballs in the third level.

Action is nonstop with dozens of enemy ships coming at once!

Dodge the incoming fire and slip in with the ring lasers!

The fire lasers are a good weapon to use over the platform!

SCORE BIG POINTS WITH NEC'S 'NINJA SPIRIT

AND YOU COULD WIN A TURBOGRAFX-CD PLAYER!!

If you've been scoring big in "Ninja Spirit", then Electronic Gaming Monthly wants to hear from you! We've got an awesome NEC TurboGrafx-CD player and some of the hottest Turbo games to giveaway to the top-scoring "Ninja Spirit" gamers!

We think "Ninja Spirit" is so exciting, we voted it NEC's 1990 Game of the Year! That's not surprising when you look at all the radical features this game has!

Gather up your ninja power and collect the shadow ninjas as you power-up incredible new weapons and take on Boss attackers that fill the entire screen!

Now, while you're battling the bad guys through dark forests and eerie caves in search of the ultimate evil Ninja, you can earn your way to winning some awesome TurboGrafx-16 prizes!

Send your name, address, age and phone number, along with a photo of your high score to:

Electronic Gaming Monthly c/o "Ninja Spirit Contest" 1920 Highland Avenue, Suite 300 Lombard, Illinois 60148

All entries must be received by December 31, 1990 to be eligible. Watch for the March, 1991 issue of EGM to see if you won! Contest Rules: All entries must be postmarked by December 31, 1990 and EGM or the judges are not liable for lost or misdirected mail. Void where prohibited. A clear photograph or VCR tape of the scoring area of the Ninja Spirit game must accompany your entry. The decision of the judges is final. No purchase necessary to enter. One first place winner will receive a TurboGrafx-16 CD-ROM player plus "Ys". One second place winner will receive a Turbo Stick and five Turbo games of your choice. One third place winner will receive five Turbo games of your choice. In the event of a tie, there will be a a random drawing of the winners. Employees and families of Sendai Publications are not eligible.

A NEW KING HAS RETURN-ED AFTER 10,000 YEARS...

For millions of years the wise and powerful kings have ruled their countries fair and honestly. The people lived in peace and prosperity. Occasionally the minions of darkness would rise from the center of the Earth and try to take over the upper world. Each time they were turned back by the king's brave warriors. Suddenly, without warning, a vast army of the creatures of darkness arose and completely overpowered the nations. The world was plunged into a time of eternal evil.

Now, after 10,000 years, a new brave warrior called Rygar plans to restore peace by defeating the demons. Help him in his quest to turn back the forces of evil.

The Lynx version of Rygar is based on the coin-op!

Unlike the older Nintendo copy of this game, the Lynx version is derived from the original Tecmo arcade game of a few years ago. With multi dimensional scrolling backgrounds set in an ancient era, Rygar takes on his quest gathering power-ups and destroying the demons that stand in his way!

Each level is a race against time. You start with 100 seconds and must eliminate the hideous monsters which prevent you from passing. Besides tangling with the monsters you must jump from ledge to ledge over huge bottomless crevices. Make it to the end of the level and get your just rewards!

At the conclusion of each level, you enter the temple room for bonus points and more!

THE WEAPONS OF RYGAR...

THROWING SHIELD - This is Rygar's primary weapon.

STAR - Allows Rygar to fire his shield weapon up at enemies!

SUN - This provides a bigger shield and extended range

TIGER POWER - Now Rygar can jump on enemies to kill them!

Rygar for the Lynx plays very much like the arcade classic. Your quest, set in a side view perspective, involves racing against a 100 second count-down timer, destroying or jumping over the demons of darkness, grabbing bonus power-ups as they pop up and still finding time to successfully pass over the numerous pitfalls you encounter.

The enemy you encounter are quite formidable. Ranging from headless zombies and flying dragons who drop other monsters, to armadillos who roll up in a ball and come at you. Throw in lava men who come out of the ground and hurl flaming rocks at you and the game turns into a battle for survival!

As the game gets harder your weapons do get more powerful. Don't move too fast through the game as many of the good weapons pop up after you pass by them. If you hear the bell, back up as it could be a much needed item. Extra time, additional lives, and big bonus points are other treasures! It's 23 levels of difficult but challenging game play!

the truet in perce and prosperity against the minious of dadiness. Suddanly the quatures of dealuration too took over these nations and plunged the world into elabride villating the world into elabride villating have been period to baillating.

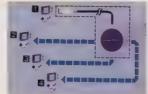

GAMEBOY CLUB

GAME BOY GETS 4 PLAYER ADAPTER!

Nintendo is planning to bring out a 4 player adapter which will effectively double the number of GameBoys which can be linked together for simultaneous play! This adapter is expected to sell in the \$25 to \$30 price range and new four player games, like F-1

Race shown below, are being readied for concurrent release. The problem of requiring multiple copies of each cart have not yet been solved and, as with the current two player games, each of the four players will need to have their own copy of the game.

F-1 RACE Nintendo

One of the first games to make use of the new 4 player GB adapter will be this spectacular racing game Featuring multiple courses and different types of cars, each player views the track from his own car's position and races independently!

R-TYPE

The mega hit arcade game now goes portable with this excellent GB conversion! Little, other than color, has been lost in this translation as all of the power-ups and weapon choices remain intact as do the huge end of round bosses.

CHASE HQ

The fantastic arcade game is being shrunk down to the GB. Get your assignment, hop in your car, kick in the turbocharger and go out after the criminals who are trying to escape! Cuff 'em and head out on your next mission.

KUNG FU MASTER Irem

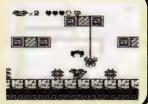

Irem has a new action oriented kung fu game on the same line as Double Dragon. Use your martial arts skills against huge thugs with guns and knives.

GREMLINS 2

The cute little Gizmo is back for the small screen in another adventure in the highrise office building. The evil Mogwai are all over and Gizmo must eliminate them. Great action screens and bonus rounds will make this soft a lot of fun to play!

OPERATION C

The spectacular NES game - Contra is now being converted to the GameBoy. The name will be changed to Operation C but all the great game play, weapons, and power-ups have been retained and virtually nothing has been lost (other than color) in the translation.

WIZARDRY Nexoft

Nexoft's NES RPG will soon be out for the GameBoy. Containing a phenomenal 2 meg of memory (more than Columns for the Genesis), Wizardry sends you down into the first person perspective 3-D mazes in search of treasures and magic.

DOUBLE DRIB-BLE 5 ON 5 Kongmi

The fantastic NES basketball game is coming to the GB early next year. Link up with a friend and go head-to-head or take on the computer in a solo match! Very fast and intense action!

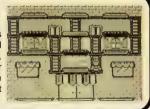

SPOT

The popular stick figure from the 7-Up commercials is going B & W. It's the same othello-type checker game as on the NES but now you can play it on-the-go. The great 2 player version translates well to the GB as you and a friend can go head-to-head using the link cable!

BURGERTIME Data East

Remember the NES version of this game from 1987? Make special burgers with the works! Bun, meat, onion, pickle, tomato, and another bun. Assemble them and drop 'em down on the waiting plate! But watch out for the hot dogs & eggs!

Master The Skies

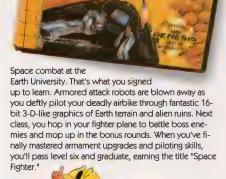

Imagine yourself astride a winged horse, thrusting and slashing with a magical sword... Or skimming the earth on a futuristic airbike, blasting through waves of attack robots...
Just imagine... Now get ready for the kind of innovative games we're known for.

New from NAMCO, the Game Creator

Ancient gods of Greece at warl Evil Typhon, lord of the underworld, has kidnapped lovely Artemis, the moon goddess. Apollo, the sun god, attempts a rescue astride the winged horse Pegasus. With your expert guidance, they soar through the sky and battle the likes of the snake-headed Medusa; and Charyodis, the sea monster. Extra fire power, lives, and speed will help in the final assault...but don't forget to grab Phelios, the Sword of Light, when it is offered.

*Great colorial amplifier that will Imade year out of year that the second of the seco

EXTRA! EXTRA! ULTIMATE GAME CLUB TELLS ALL 1-900-TIP-LINE

Dear Video Gamers, Mom & Dad, Grandma & Grandpa, Kids: The following is the result of an overwhelming response to tell you, the customer, a little about the Ultimate Game Citub, what it is, what we self, how we operate and most importantly the pros and come of ordering through us instead of other mail order companies or shopping at the local stores. So here goes!

company of its kind where you the consumer can join and have the ability to buy games at low prices, days and sometimes weeks before they come out anywhere else! Plus purchase certain products available only through us.

WHERE ARE YOU LOCATED?

We are at 1491 Boston Post Road. Old Saybrook, CT. 06475. We also have several stores in CT that you can stop in and seel Soon there will be a store near youl

WHAT NUMBER DO LCALL?

For sales only: 1-800-TOY-CLUB. Since that line is constantly busy we've installed another line 1-203 388-6741 for your convenience. For customer service or questions about your order call 1-203-388-6366. For information on new games, release dates, new products, what we buy your used games for call 1-900-TIP-LINE.

HOW CAN I PAY FOR GAMES?

We accept checks, Money orders, Master Card, Visa, American Ex-press, and Discover, With the Ultimate Game Club your order will not be held up for 3 weeks by sending a check. We clear all checks though Telecheck as fast as we receive

WHAT POLICIES DO YOU HAVE?

The last paragraph at the bottom of this ad will explain just about every rule and policy we have. These rules are to protect us and you the consumer so we can keep a good working business relationship together.

WHAT DO YOU SELL?

Quite simply- EVERYTHING! We sell both new and used games for all American and Japanese systems. We buy direct from the manufacturer to save you money as a member. We

WHAT IS THE ULTIMATE GAME sell Nintendo, Sega 8-Bit, Genesis, CLUB?

We are the largest mail order Engine, Super Grafx, Famicorn, Super Famicom, Japanese Gameboy, Neo Geo, FM Towns plus any and at other systems that will come out in

HOW ARE YOUR PRICES?

As a member you are guaranteed the lowest prices no matter what! So if you see another company with a lower price call us- We'll match it as long as they have it in stock. There's no need to shop anywhere else! We have the lowest prices guaranteed!

WHAT TYPE OF WARRANTY DO YOU HAVE?

All new American products are guaranteed for 90 days by us and the manufacturer which means if you have a problem send it back to us and we'll send you a new one. All used products are guaranteed by us for 90 days. All new Japanese products are aranteed by us for 90 days. Basically if you order anything at all you are guaranteed performance satisfaction for 90 days. We guarantee it, no matter what!

WHERE CAN YOU SHIP TO?

Everywhere! If you are alive and have an address or PO Box we'll get it to you. We ship anywhere in the world so please call us. Note: The toll-free number (800-TOY-CLUB) will NOT work outside the US

DO YOU STOCK WHAT YOU SELL?

We stock almost everything that was ever made both new and used American and Japanese. We have the largest stock of any mail order com pany in this magazine-Call us! But remember call fast, we sell out quickly! We of course do not stock games that have not been released yet-That would be impossible. But be sure- WE get them first!

HOW FAST DO YOU GET NEW RE-LEASES?

Most games are reloased in small quantities on the first shipment. But of course the Ultimate Game Club gets the largest amount possible. We pay extra to airfreight them to our warehouse so that we can ship them to you the very next day. Most companies take 5-10 days to get stock to their warehouse by ground freight then another 5-10 days to get them to their stores. By then you've already received the game from us.

HOW DO YOU SHIP?

We can ship via UPS- ground, 2nd day and overnight, US Mail- 4th class and 1st class, Federal Express-Standard, Economy, Overnight Priority.

HOW MUCH IS A MEMBERSHIP?

The membership is free with any purchase over \$50.00 or if you call 1-900-TIP-LINE. This costs only .95 a minute. Leave your name, address and phone number with area code.

WHAT DO LIGHT FOR MY MEMBER. SHIP?

The lowest prices. The best service The ability to buy Japanese games and magazines. A free 32 page color catalog/magazine of our own; Beyond games for credit. Garning 'full of passcodes, articles, hints, tips etc.. on both American and Japanese games. You can also buy our very own hint book and VCR tape catalogs of games seldom seen before

WHAT MAKES THE ULTIMATE GAME CLUB BETTER THAN ANY OTHER MAIL ORDER COMPANY?

- We get the games 1st.
- We ship the games the fastest.
 We have the largest inventory.
- 4. We have the lowest prices- guaran-
- 5. We have more knowledge and ex-
- perience than anyone else 6. We pioneered the idea of selling
- video games by mail 1st!
 7. The Ultimate Game Club advertises in every issue! Unlike other companies that have 900 #'s, or fly by night companies that advertise in one and are gone the next: The Ultimate

Game Club has been in the very earliest issues of the magazine you now have in your hand. Most companies only advertise in several consecutive issues. We're in them

8. We advertise in more maga zines, comic books, newspapers, and radio stations than any other mail order company. (Over 20 in

9. We warranty all products: New, Used, American and Japaлеве

10. We have stores and showrooms you can visit and experience- Not just a cold office and an

empty warehouse! 11. We set the standards and prices for the competition. Look at their ads, look at their prices, look at their ideas. Monkey see! Monkey Do! Try the rest then try the best! 12. We buy direct! Who knows

where the rest get their product. 13. We buy used games for

credit towards everything we sell!

14. We were the 1st to sell Japanese games and systems by mail. 15. We even buy used Japanese

16. We supply American transla-tions for all Japanese games and systems where available!

17. We'll special order anything!

If they make it, we can get iti 18. We also have tips, hints and asscodes for the games you buy from us, both American and Japa-

19 We ship to more places by more means than any other com-

20. We accept more methods of payment than any other company.

I hope this answered some of your questions. Those of you ordering from other companies give us a cal and see what you think. Those of you who have never ordered by mail, please give us a try. We will do our best to make your shopping experience a pleasure.

Super Strategies For Winning Big!

JATE VANAMUS OMESAL OF ANAMAS

In the world of computer games, the Ultima series is one of the oldest sayas to terrorize famaby role-playing females. The third installment of this quest, Ultima Exodus, enjoyed a successful run as a Nintendo game and is responsible to creating the APG field on the NES.

Now there's a new challenge to conquer with Ultimacquest of the Avatar. Your new chillenge is to rid the land of malles and injustice as you accept. Lord British's test to follow the path set before you...leading you on the Quest for the Avatard

ACHIEVE AVATAR STATUS!

SACRIFICE - Give to the less fortunate.

COMPASSION -- Help the poor - nive money

HONESTY - Don't cheat the storekeepers.

AVATAR - The highest honor phievable.

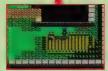

JUSTICE -- Be fair and equal to all.

HONOR -- Always

keep your promises.

VALOR - Do not shy away from battle.

HUMILITY -- No one is too great or too small.

SPIRITUALITY -- Pray in the shrines.

The first part of the quest is to raise your attributes to Avatarhood. To do this, you must prove yourself in certain ways. Always help the needy by giving them money and blood. Live without fear, by not fleeing from battles. Keep your promises, never go back on your word. Discriminate against no one. all must be treated equally. Only after proving to Hawkwind your eternal sincerity. can you achieve this status. Your dedication will

Your dedication will constantly be tested. Things you shouldn't do include: Never open a treasure chest that doesn't belong to you. Don't steal! Innocent people shouldn't be attacked. Tricking others isn't warranted. While you can do anything you want in the game, the short term dishonest gains will never get you Avatarhood!

NEW FEATURES!! ULTIMA 1 AND 2 COMPARED!

As you travel through Britania you'll meet many new people. Just as in the first game, write down what the people say. They will give you clues to important items in the game. You'll also encounter new enemies, many of which seem more powerful, but are not.

Two improvements to the first game are as follows: First, you now can carry both, a short and a long range weapon into battle.

Ultima 1-only one weapon in battle.

Ultima 2 - two weapons useable in battle.

Second, you no longer have to be directly lined up with the enemy to be able to hit it as you have a movable targeting cursor for shooting.

Ultima 1 - Ultima 2 - shoot straight movable tarahead only. getting

Also, your magic has been improved. Several

new spells have been added to your arsenal. One in particular is the negate spell. In the first game the enemy couldn't cast a spell on you. In this version, the enemy

has magical capabilities similar to yours. To counteract this, there is a powerful negate spell available, which when used, prevents the monsters

> from casting spells. To get this, talk to a mage in the Lycaeum of Truth.

Use the key to enter the library in the Lycaeum

Another new feature in Ultima 2 is the magic spell book. This item keeps track of all spells that a character can cast. By talking to various people throughout the game, recipes will be revealed to

you. Know the proper herbs and the magic book shop will add the spell to your book. Then it's just a matter of having the proper reagents in your possession.

The character selection method has been enhanced. In Ultima 1, you set up the character as you please. In Ultima 2, you answer a series of questions and this determines not only your race but also which town you quest begins in.

This is the RPG game we've been waiting for! With a larger and more complex quest, a larger variety of spells and monsters, Avatar continues the Ultima tradition.

FILL OUT THIS OUESTIONAIRE AND YOU COULD TAKE BATMAN HOME!

Simply answer the following questions about your game playing preferences and your name will be entered in a drawing for a Sega 16-Bit Batman cartridge. There will be only one winner, and all entries must be received by December 31, 1990 to be considered eligible. Submit all entries to: Batman Give-Away. Sendai Publications, 1920 Highland Avenue, Lombard, IL 60148.

MMORTAL ACTION RETURNS TO THE SCREEN IN EUCHLANDER 2: THE QUICKENING...

in 1986 a fantatile motion picture flew into theatres before departing just as quickly. This little-seen action admiture movie, Highlander has since become a cult classe on video, allowing those no passed it by to finally exprended that unityaled extitiving and a classes of factors of fantasy.

y of a man named Macleod. This parl While tank of the first movie will note that the ending leaves the possibilities of a sequel hard to find, the creative force behind the sequel promise to deliver a solid story that further chronicles consert and his new adversary plays by Mich Letteronists.

f [GHLANDER

THE QUICKENING

WIN A SHADOW OF THE MINUA GAME FROM EGM!!

Here is your chance to win one of the best Nintendo ninja games of all time! It's a first rate title with great two player cooperative game play!

And it could only come from Natsume! We think this new up and coming company shows great promise not only in their game "Shadow of the Ninja" but also in their next NES title - "S.C.A.T."! That's why we gave Natsume our 1990 award for "One of the most promising game companies" of 1990!

In this excellent game you, or you and a friend in the 2 player cooperative mode, must fight your way through 5 levels of nonstop action using real ninjitsu weapons and moves! Then take on the huge bosses which many times fill the entire screen!

It's easy to enter, no purchase is necessary. All you have to do is send your name, address, age and phone number on a postcard to:

Electronic Gaming Monthly c/o "Shadow of the Ninja Contest" 1920 Highland Avenue, Suite 300 Lombard, Illinois 60148

All entries must be received by January 30, 1991 to be eligible. Watch for the April, 1991 issue of EGM to see if you won!

Contest Rules: All entries must be postmarked by January 30, 1991 and EGM or the judges are not liable for lost or misdirected mail. Void where prohibited. No purchase necessary to enter. The 10 winners will be chosen at random; odds of winning will depend on the number of entries submitted. The decision of the judges will be final. Employees and families of Sendai Publications are not eligible.

THE EMPEROR'S PROBLEMS HAVE

The mad emperor Garuda rules the capital city. With his army of followers, he has constructed a fortress that has withstood all armed resistance.

His forces have crushed all opposition. Yet, he is worried...

Out from the shadows, two figures appear. Moving as silently as ghosts, they stalk the war zone. Garuda knows and fears these invaders, for they are Ninjas- the world's most dangerous warriors.

Join the Ninjas on their mission to overthrow the evil emperor and destroy his empire from within.

- Uncover hidden weapons to increase your power.
- Master the hidden arts of Ninjitsu to defeat the enemy.
- Two Ninjas, Two players, Too Much!
